Walter W. Stiern Library

Job Announcement: Computer Science Student

CSUB Walter W. Stiern library is in need of a computer science student to assist librarians in developing an interactive video that will train students on how to conduct searches in library research databases. The training video will include interactive quizzes. Camtasia Studio 7.0, a screen capture video program, will be used to deliver the training content. Applicant must be familiar with or be able to learn the Camtasia software. Pay scale will vary by experience. The project should take approximately 30-40 hours.

Applications should be submitted to: Christy Gavin at cgavin@csub.edu or Sarah Philips at sphilips@csub.edu. Please apply by September 30, 2010.
